FOR IMMEDIATE RELEASE

ARGOTEC AWARDED ISO 9001:2008 CERTIFICATION FOR ALL THREE PLANTS

GREENFIELD, MA, June 3, 2011 — Argotec Inc. of Greenfield, Massachusetts today announced the ISO 9001:2008 certification of its three manufacturing operations by the accredited certification body ISOQAR on May 12, 2011. The three certifications are pictured below.

Steve Malinoski, Argotec's director of quality, stated, "We are very proud to have achieved this milestone because of what it will mean to our company and its customers. The improved efficiencies, employee morale, supplier relationships and customer satisfaction that result from achieving ISO 9001:2008 certification will benefit us all." Mr. Malinoski added that the ongoing ISO 9001 audit process will ensure that these benefits continue to be enjoyed for many years to come.

About Argotec

Argotec is a privately held, global supplier of custom-engineered, high-performance, thermoplastic polyurethane film and sheet for a wide variety of critical applications. In addition to flat-die, cast-on-carrier and blown-film-extrusion technologies, the company also has expertise in extrusion coating, multi-layer constructions and closed-cell polyurethane foam sheet extrusion. Argotec provides TPU film & sheet products to the international glass lamination,

medical, textile lamination and specialty films markets, OEMs, as well as to plastics adhesive coaters, converters and fabricators who supply the graphics and paint protection industries.

ISOQAR certificates of ISO 9001:2008 compliance issued for Argotec's three manufacturing plants on May 12 2011
